About Us

Learn Sheffield is a not-for-profit schools company which is focused on school improvement and owned by Sheffield's schools and colleges (who own 80%) in partnership with Sheffield City Council (who own 20%).

We exist to support and challenge schools and colleges to improve. Our goal is to ensure that Sheffield children receive the best education in the country, so that our young people's achievement and readiness enables them to be active citizens of a world class city.

Learn Sheffield aims to strengthen city-wide partnership work, both within sectors and between them. We are commissioned to deliver the statutory duties relating to school improvement by Sheffield City Council.

Our purpose is to nurture effective partnerships within an ambitious and effective culture so that, in Sheffield, all of our young people learn with great teachers, in great settings, which are constantly improving.

Learn Sheffield does not distinguish between different types of setting, it is there to support any publicly funded school or college working with Sheffield's children and young people. As a social enterprise we will re-invest any surplus from our activities back into Sheffield school improvement.

"We were highly impressed by the terrific work that is happening in Sheffield. The approach of Learn Sheffield, particularly given the size and stature of the city, makes it a standard bearer for partnerships everywhere. The very high level of engagement from schools is testimony to the inclusive approach that has been developed. The City Council, the education sector and everyone involved in Learn Sheffield should be very proud of what they have achieved to date and excited about the platform they have for the future."
